# SBG Education Fund Scholarship

The Education Fund or also known as Edfund was initiated by pioneering members of SBG in the early 90's in giving back to the local community. However, it was established as an official community outreach programme in 2000.

◀  
*SBG's corporate social responsibility programme that manages the Education Fund*

Since its establishment, the Edfund has grown over the years as a regular outreach for SBG and Singaporeans residing in Ho Chi Minh City with the aim to provide scholarship as a form of financial assistance (school fees) to needy and well-deserving local students in pursuing their academic studies.

To date (March 2015), SBG has raised more than US\$428,000 and sponsored close to 3,000 students from Primary School Level up to University in Ho Chi Minh City, Danang and provinces Northern Central Vietnam and Mekong Delta.

On 27 June 2010, SBG was awarded a certificate of commendation from

the Ministry of Education and Training for its charitable efforts towards the local community. This is a further motivation for SBG to be committed in shaping a progressive Vietnam for the future by empowering the youth to actualize their potential through education.

Donations for the EdFund are mainly raised through SBG's annual charity golf and gala-dinner events. If you wish to give a one-time donation, you may contact our Secretariat at [sbg@sbghcm](mailto:sbg@sbghcm) or dial 08-6685 5370/5371 for assistance.

Or visit [www.sbghcm.org](http://www.sbghcm.org) to make online donations (active from June 2015).

# MESSAGE FROM SBG PATRON

Dear SBG Members and Friends,

A very Happy New Year to you all! Since my arrival in June 2013, I have had the pleasure meet most of you and as Patron, I have been happy to participate in the Singapore Business Group's (SBG's) functions and activities throughout the year.

I am pleased to note that the SBG in Ho Chi Minh City has grown from strength to strength. Now in its 22nd year, the SBG has been active in organizing various events and keeping the Singapore community together. In 2014, the SBG held its annual Chap Goh Mei dinner in February, the Charity Golf Tournament at VGCC in April, National Day dinner at the Duxton Hotel in August, various business events as well as its Raffles Nights. In addition, the SBG hosted a reception on the sidelines of the Vietnam-Singapore Business Forum (VSBF) in July 2015. I am happy to see how far the SBG has come since its inception in 1992.

In particular, the SBG has to be lauded for its charitable efforts and projects which have done much to build goodwill with our friends in Vietnam. Through its Education Fund, which was established in 2000, the SBG has enabled more than 3,000 Vietnamese students continue their studies from primary school level up to undergraduate levels. With EdFund, we are not only helping the individual student but making a meaningful contribution towards Vietnam's overall human resource development. In this regard, the SBG has made, and continues to make, a tangible contribution in strengthening the people-to-people linkages between Singapore and Vietnam, which is an important aspect in our bilateral relations.

Every Singaporean would be aware that this year, 2015, marks an important milestone in Singapore's development and history - SG50 - the 50th anniversary of Singapore independence in 1965. The Singapore Government has planned a series of

events over the year to celebrate SG50 and likewise, the SBG is planning some special events to profile Singapore in Ho Chi Minh City. I look forward to participating in these events and I am sure they will be a success.

In conclusion, let me congratulate SBG and its members for its efforts in keeping the Singapore spirit alive and active in HCMC. I am confident that the SBG will, with the effort and the support of its members, build on its past achievements and create more successes in the years ahead.

I wish the SBG and its members every success in 2015!

# MESSAGE FROM SBG PRESIDENT

Dear SBG Members, Associates and Friends,

It is heartening to greet the year of the Wooden Goat as Singapore is also celebrating our 50 years of Nation Building!

The last fifty years for Singapore have been a story of success built on hard work, discipline and tenacity. The journey ahead will bring challenges, but also many new opportunities.

As we are in our host country, all of us are also concerned about the economic future here. Vietnam's GDP growth for 2015 promises to continue its upward trend while macro economy will also be strengthened, making this year's economy brighter than 2014, according to experts.

Forecasts by several international organizations predicted Vietnam's GRP will grow between 5.8 to 6.2 percent. A CPI below 7 percent and export sector would gain more important breakthroughs by getting more active momentum from FTAs that Vietnam is and will be involved in, mostly the Asean Economic Community, TPP, and FTAs between Vietnam and the Republic of Korea, and with Customs Union of Russia, Belarus and Kazakhstan.

Despite the good news, many challenges still lies ahead for Vietnam. With perseverance, patience and hard work, I believe all of you will be able to leverage on the strong bilateral ties between Vietnam and Singapore to forge a better future for all of us. Alfred Montapert once said "All lasting business is built on friendship".

Our SBG Pioneers have left us a rich legacy by working together as a community, taking care of the less fortunate, and succeeding in spite of the challenges they had. I therefore urge the next generation of SBG members to continue the good work

of your predecessors. I am confident that with the fortitude our Pioneers have shown us, we can rise to meet the challenges ahead of us. Together, let us build on our achievements and strong partnerships to bring Singapore and Singaporean businesses in Vietnam to new heights over the next fifty years.

Last but not the least, let us celebrate our 50 years of Nation Building together! Happy Birthday Singapore!

# SG50 Congratulatory Messages

“

# SG50 Congratulatory Messages from SBG Executive Committee

”

MICHAEL WILLIAMS  
Vice President

“ Singapore will celebrate its golden jubilee on the 9th of August 2015. It has been a long journey through the several challenges some of us had lived through these periods and some of us may have seen Singapore’s development as our nation transformed from 3rd world to a 1st world nation..

We saw many changes as we grew up from a Kampong lifestyle to living in high rise buildings and I am proud of these achievements of Singapore. However, moving ahead will be the next challenge that all Singaporeans will have to prepare ourselves and especially for those who have taken the challenge to live abroad.

For us living in Vietnam we still the feel the connectivity with Singapore through the Singapore Business Group and the Singapore consulate. We feel always attached through the many Singapore festivals such as the Lunar New Year celebrations, the mid autumn festival, and the National day celebrations. Some activities are similar to the celebrations of the host country Vietnam and we can add some color with the Singapore touch during the celebrations. The Singapore Business Group has always provided Singaporeans the platform to stay connected through it Raffles nights and many other activities to allow Singaporeans to plug into and tap into the resources of Singapore to facilitate the business community.

We are proud to be called Singaporeans and can always hold our heads up high in Vietnam because we can contribute to this host nation and bring value. This is solely because of our education, training and upbringing and we believe that the future will be very bright for us in this host nation as we can see synergy in our collaboration with Vietnamese people.

I want to take this opportunity to congratulate all Singaporeans for your support and wish you a happy 50 years and may the next 50 years be much better than the last 50 years. ”

# At Keppel Land, we see buildings as more than just plain boxes.

## We call this 'Thinking Unboxed'.

**Keppel Land**  
Thinking Unboxed™

You spend most of your life in buildings. Buildings are where you work, play, connect, rest, and enjoy moments you'll never forget. Which is why before we build anything, we ask ourselves: How can we design it to look beautiful, and work beautifully too? How do we maximise your enjoyment, while minimising environmental impact? What little touches can we add, to make a world of difference? How do we make it so that business becomes a pleasure? Look around at all that we've built. You'll see that we've found some pretty good answers. Because at Keppel Land, it's all about 'Thinking Unboxed'. [www.keppelland.com.vn](http://www.keppelland.com.vn)
