MESSAGE FROM SBG PATRON

Dear SBG Members and Friends,

The SBG continues to play an instrumental role in bringing the Singapore community together in Ho Chi Minh City. Many members and especially new residents in Vietnam feel happy to meet fellow Singaporeans through its events and maken sessions.

The SBG has continued its good work in 2016. I am pleased to note that its special events such as the annual Chap Goh Mei dinner and the National Day dinner continue to be well-attended. In addition, the SBG has continued with its business interactions and regular events like Raffles Night. May I congratulate the Exco for its good work and I look forward to more activities in the coming year. In particular, I hope that the SBG will continue with its efforts with regard to EdFund, which was established in 2000. It is indeed an effective and meaningful platform as it has enabled more than 3,000 Vietnamese students to continue their studies from the primary school level up to the undergraduate level. Singaporeans play an important role in promoting people-to-people ties beyond the traditional political and economic ties that our two countries share and EdFund is an important symbol of our cooperation.

I wish the SBG and its members every success in 2017. Let us keep the Singapore flag high in HCMC!

Leow Siu Lin (Ms)

Consulate General of the Republic of Singapore in Ho Chi Minh City

MESSAGE FROM SBG PRESIDENT

Dear Patron, Members, Associates and Friends of Singapore Business Group,

For the past four years, it has been my privilege to serve as your president. In 2016, SBG has organized a total of 10 events (including Reunion Dinner, Singapore National Day, SBG Annual General Meetings, Raffles Nights and among others) and 29 co-hosts events with other business chambers in Ho Chi Minh City. In total, our events have been graced by 2,870 members and associates. All these could not have happened without the time and dedication of our strong secretariat team and the effort from our last Executive Committees.

As we flipped our calendars to 2017, I am filled with hope for our future - not just as a business (operating in Vietnam) but also as an association. We are on solid economic growth footing here in Vietnam. Singapore and Vietnam have signed 6 agreements on 23 Mar 2017 to expand economic cooperation, underscoring the growing collaboration between the two countries since upgrading bilateral ties three years ago. Singapore was Vietnam's sixth largest trading partner in 2015 and third largest foreign investor last year (2016). So far this year, it holds the top spot as foreign investor. Bilateral trade stood at \$19.8 billion last year.

As our Singapore investments grew year on year, it opens up more business opportunities for our members and associates. We at SBG will continue to strive to be the platform for our members and associates to tap on these opportunities. To be able to achieve that, we will need your continued support to grow as an association, to grow as a family. Together we are better!

On behalf of Singapore Business Group, I will like to wish all our Members, Associates and Friends ever success and stay healthy in the year of the Fire Rooster.

Sincerely,

Norman Lim

President Singapore Business Group

SBG EDUCATION FUND SCHOLARSHIP

The Education Fund or also known as Edfund was initiated by pioneering members of SBG in the early 90's in giving back to the local community. In 2000, it was officially established as a community outreach programme.

Since its establishment, the Edfund has grown over the years as a regular outreach for SBG and Singaporeans residing in Ho Chi Minh City with the aim to provide scholarship as a form of financial assistance (school fees) to needy and well-deserving local students in pursuing their academic studies.

To date (April 2016), SBG has raised almost US\$ 451,700 and sponsored over 3,000 students from Primary School Level up to University in Ho Chi Minh City, Danang and provinces Northern Central Vietnam and Mekong Delta.

On 27 June 2010, SBG was awarded a certificate of commendation from the Ministry of Education and Training for its charitable efforts toward the local community. This is a further motivation for SBG to be committed in shaping a progressive Vietnam for the future by empowering the youth to actualize their potential through education.

Donations for the EdFund are mainly raised through SBG's annual charity golf and gala-dinner events. If you would like to give one-time donation, you may contact our Secretariat at sbg@sbghcm or dial 08-6685 5370/5371 for assistance.

The Habitat, the first part of VSIP I Mixed Development project sits on a 4.1-hectare land plot which is developed into a mid-market residential project of about 163,807 square meters gross floor area, comprising 1,380 apartment units and amenities. THE GRAND HO TRAM STRIP VIETNAM'S SEASIDE GEM

Just a two hour drive from nation's economic hub, Ho Chi Minh City, The Grand Ho Tram Strip is the first of a group of integrated resorts and residential developments located on more than 400 acres of land along 2.2 kilometers of pristine beach in Ho Tram, which is by far the best beach within easy reach of Saigon! With a backdrop of blue seas, clear skies and beautiful landscapes, Ho Tram provides one of the nicest beaches in the southeast region, unspoiled waters with wide beach.

The resort opened its doors in July 2013 and includes a 541 room five-star hotel, world-class restaurants, shopping and entertainment amenities, high-tech meeting spaces including a 1,800 person capacity Grand Ballroom, Putt-Putt miniature golf, 2D-3D cinema, game center, karaoke rooms, an exclusive VIP area and a variety of beach-front recreation activities. The resort's second wing, which will open soon, will expand its capacity to 1,100 rooms! Ho Tram Strip's gaming facilities include over 600 slot machines and 90 live tables, and stand on par with international casinos in Singapore and Macau.

Its adjacent golf course, The Bluffs Ho Tram Strip (opened in 2014) was designed by Greg Norman, who recently described it as "one of the two most beautiful courses" that he has ever been associated with! The Bluffs Ho Tram Strip has gone on to win countless awards, including becoming the first course in Vietnam to ever make Golf Digest's Top 100 list for courses around the world (ranked 74th).

High quality living standards

VSIP's new offering

After more than 20 years of operation in the country, Vietnam-Singapore Industrial Park (VSIP) has grown up to be the leading integrated township and industrial park developer in Vietnam.

From the first VSIP in Binh Duong province in 1996, the developer has grown a system of seven VSIPs so far in six locations across Vietnam. To date, the VSIP system has attracted more than \$9 billion from 690 multinational companies, building hundreds of factories and creating 176,000 jobs for local people.

Long-term sustainability is a goal with environmental infrastructure put in place making VSIP a clean and green environment. VSIP is an ideal workplace and living choice for general workers, technicians, engineers, managers, and expatriates.

Parallel with developing industrial parks, VSIP has recently expanded its investments into building houses to ensure a high-grade living environment. A range of accommodation projects has been implemented in provinces housing VSIPs, such as The Habitat in Binh Duong province and Thien My Loc Residential Area in Quang Ngai province.

High-end living standard in The Habitat

VSIP I in Binh Duong is the first high-end service-urban-industrial complex in the chain of six VSIPs in Vietnam.

Located at the heart of VSIP I, slightly more than 10 kilometres from Ho Chi Minh City, The Habitat Binh Duong is becoming a model urban area and attractive for experts, professionals, labourers, as well as local end-users and investors.

The developer were encouraged by the high demand from its tenants and expatriate community to deliver housing and related amenities for a "totally environment-friendly" space for working, living, and relaxation.

The 4.1-ha initial phase offers 267 two and three-bedroom units, ranging from 58 to 103 square meters, and dual-key apartments. The dual-key apartments comprise of two separate units: a two-bedroom and a studio unit.

It also strikes the perfect balance for those desiring modern conveniences and a tropical oasis, as more than 30 percent of the landscaping is reserved for green space.

Relaxation is found in every corner of the development, boasting adult and children's swimming pools, a clubhouse with a gym, and other outdoor facilities, such as a barbeque pit, playground, jogging track, and open lawn for myriad family activities. It only takes a couple of minutes to reach other major facilities like AEON Binh Duong, Becamex International Hospital, Song Be Golf Course, and Montesorri International School.

The first tower A2 was launched in mid 2016 and was completely sold out. The second tower View Plus was launched in November 2016 and has garnered great interest from buyers. Located right at the heart of The Habitat, View Plus Tower offers an exquisite view and is right next to the swimming pool and garden.

The Habitat's quality is ensured by famous brand names, such as Cofico, Apave, RSP Architects, Site Concept International, and Savills Vietnam.

Thien My Loc Residential Area – completed infrastructure system

Apart from The Habitat, VSIP is also implementing another large-scale residential area in central Quang Ngai province.

VSIP Quang Ngai industrial park has attracted 14 enterprises from Hongkong, Thailand, Taiwan, the Philippines, Singapore, Malaysia, and Vietnam.

Of these, five has set up operations with more than 3,000 labourers. When the above 14 enterprises come into force, there will be more than 17,000 labourers working in the industrial park.

VSIP Quang Ngai commercial and residential area of 254 ha located at the vicinity of Quang Ngai city, with investment license received in 2015 for phase 1 (99 ha). The project investment estimated about VND 1,226 billion projected to have 6,500

housing units with 34,650 populations upon completion in Quang Ngai City.

The entire master plan is designed by Singapore consultant with proper infrastructure connecting to central of Quang Ngai city and nearby communities. To kick off Phase I (99ha), VSIP began with construction of the first 24 ha since February 2016 that comprises of VSIP Plaza, Central Park and Thien My Loc Residence, expected completion by year-end 2016.

VSIP Park was completed and put into operation in August 2016. It boasts nice landscape and is equipped with enough facilities for an open-air sports centre, a 400-metre walking lane around the lake, a playground for children, water fountain, and a garden.

VSIP Plaza was finished in November 2016. From the first quarter of 2017 residents at Thien My Loc and the communities surrounding VSIP commercial and residential will have access to eateries, in-door playground, gym facilities, tennis courts and health care center.

In December 2016, VSIP has officially launched Thien My Loc Residential Area. 275 demi-detached houses of Thien My Loc have been officially on sale at prices from VND900 million (\$40,000) per unit. The price is reasonable for the majority of middle-income earners, young couples, and investors. The first 70 units already registered buyers.
